LOUISA PEOPLE WILL PAY CASH FOR STREET PAVING

75 PER CENT HAVE SIGNED AN AGREEMENT TO DO THIS TO HELP PUSH IT.

Mr. Kelley, the paving contractor, and Mr. Smith, the engineer, spent Tuesday in Louisa working with the Mayor, the City Council, the Attorney and a committee of citizens to complete certain details preliminary to starting the work of paving the streets of Louisa.

A committee composed of R. C. McClure, J. H. Preston and Fred Seccombe canvassed the property owners to see how many would pay cash for the paving abutting their property as soon as the work is completed and accepted. The result of this was that 75 per cent signed a contract to pay for the work when done. The contractor required this to be done in order to remove the uncertainty as to getting his money as the case might be if dependent upon a sale of bonds just now when the country is flooded with bonds.

This leaves only 25 per cent of property against which bonds will have to be issued. It is understood by the City Council that all who do not sign this agreement prefer to accept the 10 year bond plan. The bonds bear six per cent interest and are payable one-tenth each year.

Only a very few persons who are at all able to pay for the paving refused to sign. In fact there are fewer knockers on the proposition to pave Louisa than on any other act upon.

It will be remembered that only ten persons voted against issuing bonds for this purpose. With such an overwhelming sentiment in favor of a great public enterprise there is hardly anyone so foolish as to try to place any obstruction in the path of a hasty completion of the work.

Kelley Brothers are satisfied with the contract as it now stands and the matter awaits only the approval of their attorneys in order to start the work.

The Lawrence Fiscal Court has taken the necessary action to secure about \$1000 from the state for the road that passes through Louisa. This was done upon the statement of the State Road Commissioner that this amount was available only for this purpose or on the Mayo Trail, and if not so used would go back in the general State road fund, in which case other counties would get it. As the Mayo Trail is to be paid for entirely by the State and Federal money, it would not benefit Lawrence county one cent to have it diverted to that road. According to our information the State department said the action taken by the fiscal court was the only way to save the money to Lawrence county. All citizens of the county are interested, directly or indirectly, in their county as it pays about one-fifth of all the county taxes and will pay more when it is improved.

HEROISM OF WIFE SAVES JOHN PETERS FROM BEING KILLED

The Wayne, W. Va., News says: The story of how the life of John B. Peters, former Wayne countyman, was saved by the heroic action of his wife last week was received Tuesday morning. The accident occurred just after Mr. Peters had returned to his home in Fort Apache, Arizona, from a several days visit with relatives in Fort Gay, Wayne and other points in this county.

Peters, while making some repairs on the scaffold of a wind mill, got tangled between the arm of the mill and one of the posts supporting the mill. A strong wind together with the resistance of a heavy steel spring held him foul slowly crushing his chest and hips. His call for help aroused his wife, Mrs. Lillian Peters, who lost no time in climbing the 50 foot tower and seized the buzzing wheel helping to relieve the pressure until her husband could loose himself.

The firm is on a U. S. reservation and a number of Indians collected after the call for help had been given, but none of them ventured to risk their own lives by fighting the speed of the wheel of the mill. It was some time after he was released that Peters was able to descend. He is now recovering from the effects of the injuries none of which it is thought will be serious. Except for the prompt and heroic action of his wife he would have been ground to death in a few minutes.

Mr. Peters is the son of the late W. D. Peters and a brother to W. H. Peters, Wayne county superintendent of schools. Mrs. Peters is the daughter of the late George Holt, of Fort Gay, Route 2.

The brick addition to the old Stewart home is going up steadily and will add much to the convenience and comfort of the residence. A porch is being built across the front and several feet down each side.

Mrs. Chambers, wife of Rev. H. O. Chambers, is doing nicely after undergoing an operation in a hospital in Chick Springs, South Carolina. It is thought she will be able to return to her home at Fountain Inn, S. C., within a week or two.

MISSING MAIL POUCH FOUND.

The mail pouch containing registered mail valued at \$12,000 which disappeared after having been dispatched at Williamson from Norfolk & Western train 15, April 14th, was recently found in a riled condition with all the contents gone. In the vicinity of Millford Center, Ohio. Several days after the theft of the Williamson pouch, the bank at Millford Center was robbed by a gang of yeggs operating out of Toledo, Ohio. Millford Center is northwest of Columbus, on the road to Toledo. It is the firm belief of the postoffice inspectors working on the pouch theft that it was stolen by those same yeggs as it is known that several of them were seen in this vicinity a short time before the loss of the registered pouch. The inspectors are now bending every effort to locate this gang in Toledo, with every hope of success.—Williamson (W. Va.) Republican.

NOTICE TO PIG CLUB MEMBERS.

Those having pigs under the club arrangement made by the agricultural department through the Louisa National Bank will please deliver them to County Agent G. C. Baker at Louisa when they reach the age of two months.

TEACHERS' EXAMINATION.

The county teachers examination for June will be held Friday and Saturday of this week in the college building in Louisa.

FOUND DEAD IN HIS BED

SQUIRE JOHN A. COMPTON PASSES AWAY WITH HEART DISEASE.

John A. Compton, one of Lawrence county's best known and most popular citizens, died at his home near Huletts, this county, some time during last Friday night. His passing into eternity was not known until Saturday morning, when a member of the family went to his bed and found him cold in death. He had suffered somewhat from heart trouble and this caused his demise. Friday night he retired, feeling as well as usual, after having eaten a good supper.

Squire Compton was 73 years old. Eleven children survive him, and also one brother, J. R., of Buchanan, and one sister, Mrs. Caroline Pritchard, of Falls City, Neb. Another sister, Margaret A. Compton, died May 18th of this year. Besides seven children at home there are L. T. of Ashland, K. F. of Louisa, D. C. an employee of the C. & O. railroad, and S. G. who lives near the old home.

Squire Compton spent all of his life except the first eight years at the home where he died. He was one of the most popular men in the county, because he was one of the most genial and generous. Hospitality in his home was of that whole-souled kind that captured every guest who entered there. He was of a cheerful disposition, full of humor, and an entertaining companion. He was a true friend, and there are hundreds of friends of his who are saddened by his death.

For 25 years he was a Magistrate of Lawrence county, having been elected every time he was a candidate. Four years ago he declined to offer his name again. As a member of the fiscal court of the county he stood for progressive measures and for efficient handling of county affairs.

The burial took place Sunday and was very largely attended. All the sons and daughters were present.

REV. SHANNON TO VISIT IN LOUISA SOON

Rev. F. F. Shannon and wife are driving from Chicago to Boston, where he is one of three of America's most noted speakers in an elaborate celebration of the landing of the Pilgrim Fathers. Returning from there they will visit Louisa relatives.

Recently Rev. Shannon lectured each day for an entire week at Harvard University, and preached once at Cornell.

The son, Frederick, arrived in Louisa Monday of this week for a visit.

A MILLION ROAD TAX AT STAKE

Louisville, Ky.—Annual revenue of \$1,000,000 that would go to the construction of roads in Kentucky is involved in the appeal to the Supreme Court from the decision of Federal Judges, Evans, Sater and Dennison in the case of the J. & A. Freiberg company, Cincinnati, in which it was held that the 50 cents a gallon tax on whiskey in bond in Kentucky is unconstitutional. None of the consumers of hundreds of thousands of gallons of liquor sold at advanced price will be reimbursed, but the \$500,000 cash which now is in the hands of warehousemen is a prize for which the commonwealth and the distillers are contending. Some distillers did not oppose the tax, holding that any increase would be met in other markets. This proved the case. Reports from all parts of the State say that never before has whiskey been removed so rapidly from the State. Every passenger train loses minutes at storage points while express cars are loaded.

HARDING AND COOLIDGE NAMED BY REPUBLICANS

NOMINEES FOR PRESIDENT AND VICE PRESIDENT MADE AFTER LONG STRUGGLE.

Senator Harding of Ohio and Gov. Coolidge of Massachusetts are the Republican nominees for President and Vice President of the United States.

This is the result submitted onto by the national convention at Chicago last Saturday evening on the tenth ballot, after five days and nights of wrangling and suffering from the heat. Johnson, the erstwhile Bull Moose, was choked to death early in the game by the "stand patters." Gen. Wood and Gov. Lowden were the leading candidates up to the time their managers gave it up. Neither would go to the other, so the plum was dropped to the quiet, impassive Mr. Harding.

La Follette, the disloyal and disgraced Senator from Wisconsin, received a few votes on every ballot.

The Platform.

There was much wrangling over a platform and as finally adopted it contains a lot of words of uncertain meaning. Uncle Joe Cannon, the old time Republican who has served more terms in Congress than any other man now in that body, was asked what he thought of the platform. He answered by telling the following story:

A boy was trying very hard to sell a dog to a woman. She inquired, "Is he a fierce dog?"

"Yes, he is the fiercest dog you ever see."

"But I don't want a fierce dog."

"Well, now, he ain't near as fierce a dog as he may seem to be."

Uncle Joe's story describes the conglomeration about as accurately as possible. It was built to straddle everything and to catch everybody.

Mr. Harding.

Warren G. Harding lives at Marion, Ohio, a town about half as large as Huntington, W. Va.

He is the owner and publisher of a local daily newspaper at that place. Life and politics has comprised his life work.

He is 55 years old. Was defeated for Governor of Ohio by James M. Cox, Democrat. Failed to carry Ohio in the recent primary for the presidential nomination. Is United States Senator and says he will hold on to that office until he sees how he comes out in his race for President.

Mr. Harding may be described as a neat man, docile and regular, not brilliant nor magnetic, but his friends are declaring that he is "big enough for the job." In the race for the nomination he simply sat steady in the boat, with a few votes and waited for the lucky thing to happen to him, and it happened when a lot of tired delegates had exhausted themselves in a fight between the leading candidates and turned to the least offensive man down in the list.

Mr. Coolidge.

Gov. Calvin Coolidge of Massachusetts, is more a man of action than is Mr. Harding. His reputation was made by a strike of policemen in Boston. His friends say he should have been the head of the ticket instead of the tail.

LOUISA CAPTURED HEARTS OF BOOSTERS

The Courier-Journal reporter aboard the Louisville special train that spent last week in Eastern Kentucky made the following interesting report to his paper:

If any town may be said to have captured the hearts of the excursionists it is Louisa, county seat of Lawrence county. The heart capturing was literal in some cases, for the little town in the Big Sandy Valley, in keeping with the feminine style of its name, turned out pretty girls by dozens to greet the visitors.

Frank Cussell, chief spokesman, bubbled with superlatives, and even the dignified president of the Board of Trade, Joseph Burge, referred to the interesting faces before him at Louisa. A large bouquet of flowers was presented to General Summerville at the close of his talk by Mrs. J. C. Adams, Miss Martha Yates and Miss Elizabeth Yates.

Directly opposite Paintsville, seventh town on today's list of stops, the pipe line on which Louisville depends for its supply of natural gas has been tunneled through the mountains that close in the Big Sandy Valley. It pipes gas from the West Virginia fields. Lavinia promises of much coal and gas have been made by local speakers in all these towns, but no guaranty of transportation to Louisville is being made.

At every stop today, except early in the morning, a rousing welcome was given the Louisvilleans.

Virgil McKidney, son of Rev. L. E. McKidney, of Charleston, W. Va., and Kelson Salyers, of Salyersville, graduates this year of the medical department, University of Louisville, were among those who successfully passed the State Board examination and were issued certificates to practice in Kentucky.

BRADLEY-COMPTON.

The wedding of Miss Marie Bradley and Mr. Jay N. Compton took place Wednesday afternoon at the home of Mrs. Laura Webb in Louisa. The ceremony was solemnized by the Rev. H. B. Hewlett in the presence of a few close friends of the bride. She is the daughter of Rev. J. Bradley, who lives near Louisa. She is a charming girl and is popular here where she attended school and for the past year has held a position in Cooksey's department store.

Mr. Compton, whose home was at Dennis, this county, was a teacher in Lawrence county before going to Akron, Ohio, to locate. He served his country during the world war, spending several months in overseas duty. He then returned to Akron.

Mr. and Mrs. Compton are deserving young people and carry with them to their new home the best wishes of Kentucky friends.

CIRCUIT COURT IS NOW IN SECOND WEEK.

Lawrence Circuit Court has not been very largely attended because of the farmers being so busy.

No big felony cases were tried. Misdemeanors and civil cases are occupying the time of the court.

The grand jury adjourned Saturday after returning 42 indictments. Number of witnesses examined, 118.

NEW WELLS COMING IN NEAR LOUISA

Well No. 3 on Tom Hays' farm five miles northwest of Louisa was completed and shot this week and is about an average oil producer.

Another well on Mrs. Hannah Lackey's farm is lighter than the others on that tract.

J. P. Gartin's last well on the John Diamond place three miles from Louisa is considerably above the average for the field. It is showing up fine.

The well on the Mary Williamson tract, owned by E. E. Shannon and G. J. Carter, is due to be completed today.

All the above wells are on leases owned by the Ohio Fuel Oil company.

The Cumberland Petroleum company is now pumping the John Thompson well on Rich creek and it is giving good results. This company has abandoned a well on a tract adjoining J. N. Roberts because a defect in the title was discovered. A depth of 1200 feet had been reached. The outfit is being moved to the upper Blaine country, just over the line into Elliott.

The well on J. W. Akers' farm opposite Richardson should be completed this week. The contractors have had all kinds of bad luck on this well, delaying them for months.

Dr. T. D. Burgess is equipping the well on his farm so as to save and use the gas. Some oil is showing up in the well now. It has not been shot.

The well on Belts Fork, at the line between Lawrence and Boyd counties, is pumping seven barrels per day, according to information regarded as reliable. The oil is from the Becca sand. This opens another pool that may be very important. The farms of Sheriff Wm. Taylor and brothers James and Ed Taylor are adjacent to the farm on which this well was drilled.

MARRIAGE LICENSES.

Ellis Hardin, 25, to Mabel Dale, 15, of Richardson.

W. H. C. Thompson, 53, to Alma Bolling, 53, of Louisa and Wilbur.

Second marriage for each.

Alva R. Gray, 21, to Mary Ellen Marcella Deal, 17, of Oriskany, Pike county. Married by Rev. H. B. Hewlett.

Richard Eldon Cook, 24, to Lora Belle Hooser, 20, of Portsmouth, O., and Hubbardstown, W. Va. Married by Rev. Hewlett.

Cecil Thompson, 26, to Norma Cleo Crabtree, 21, of Sidney and Ft. Gay, W. Va.

Ernest Fugitt, 20, to Alice Thompson, 18, of Glenhays, W. Va.

Wallace B. Horders, 64, to Genettie Heward, 21, of Ulysses and R. 1, Louisa.

PIPE LINE NOW IN JOHNSON COUNTY

A new petroleum district in Eastern Kentucky was connected up last week when the Cumberland Pipe Line company finished a branch line through the Mcgoffin Johnson development. This district is east of the Lee-Estlin-Wolfe fields and during the summer has made rapid strides in new production in addition to showing some gas wells of large capacity. Wells now producing in this district are estimated to have a total daily capacity of 500 or 600 barrels. Many new wells are drilling and while no strikes of big capacity have been made an extensive area has been proved with limits as yet undefined.

ICE PLANT SOON READY

The Lobaco company is pushing the installation of the ice plant as rapidly as possible and expects to be making big chunks of solid comfort the last week in June. They have an announcement in the NEWS this week.

Mrs. Bernard Spencer, of Kermit, W. Va., is in Paintsville this week. She will have charge of the dormitory of the Jno. C. C. Maye College the coming year.

CHAUTAUQUA AT LOUISA NEXT WEEK FOR THREE DAYS

AN ENTERPRISE WHICH SHOULD BE SUPPORTED BY ALL GOOD CITIZENS.

The local Chautauqua committee desires to announce June 22, 23, 24, as the dates upon which the Chautauqua will be given at this place, and everybody is urged to make arrangements to attend as many of the sessions as possible. The Chautauqua bureau at Washington has informed the committee that the programs this year will be of an unusually high grade, and that a number of splendid speakers and entertainers will be sent here. A small folder is being distributed over town bearing an explanation of the program to be given, and it has evidently been prepared to meet the needs of the present. Each of the lectures will deal with some phase of Americanism, and some good speakers have been promised to us.

The Chautauqua Director will be A. H. Hall of Indiana, and in addition to his being in charge of the program, he will speak on the second day. The other lecturers and the entertainers expected here are:

Hon. Alvin M. Owsley, of Texas, Assistant Attorney-General for the State of Texas.

Dr. John T. Tigert, University of Kentucky, Rhodes Scholar and graduate Oxford University. Author and A. E. F. lecturer.

Parlor's Neapolitan Quartette. Vocal and instrumental music from Sunny Naples, with violin, mandolin, guitar and banjo.

The Tennessee Duo. A program of songs, stories and sketches in costumes.

Americans—All. A detachment from Camp Upton Recruit Educational Center, with an intensely interesting patriotic program.

Miss Beth Mae Russell, Junior Story Teller, and Organizer of Young America Club.

The price of an adult season ticket to the Chautauqua is \$2.00 and a child's season ticket will cost \$1.00. All money taken in from the sale of the tickets belongs to the local committee, and if each one who can do so will buy a ticket and attend, there will be a profit to be used in connection with some local institution of public interest.

JAS. W. HUGHES ILL.

James W. Hughes, former postmaster and father of former Congressman James A. Hughes, is critically ill at his home at 1143 Fifth avenue, Huntington. Mr. Hughes is 87 years old. Friends fear that his age will militate against his recovery. He has been ill since last October and for the last two weeks has been growing steadily worse. It was said last night.—Herald Dispatch.

INSTITUTE INSTRUCTORS MEET.

County Institute Instructors will meet in Frankfort June 24 by call of State Superintendent George Colvin. There are about sixty instructors. The institute programmes and the policy of the department will be outlined at the conference.

BUSINESS HOLDS ITS EQUILIBRIUM

"Business is regaining its equilibrium," says the monthly business review of the Federal Reserve Bank of Cleveland. "Business men are convinced that national prosperity lies in a prompt return to a more solid and substantial footing. So far the movement has been orderly, and there is really nothing in the situation to warrant alarm if we are willing to read the signs of the times and make present and future plans to conform to the changed conditions. The business semaphores are set at 'caution,' and to refuse to observe it may be to invite disaster. Speculation, whether it be in stocks, real estate, raw or finished materials, must be stopped; non-essential credits, for whatever purpose used, must be eliminated; existing loans, wherever possible, should be reduced. Business must have recourse more to its own funds and less to the banks. At the present time the United States is maintaining the only free gold market in the world. As the international gold equilibrium is restored, which eventually it will be, this will result in a further depletion of our gold reserves, with a consequent reduction of our credit possibilities."

Mrs. Mollie Meek, who has had charge of the millinery department and also worked in other departments of G. J. Carter's store for the past year, has resigned her position and will take a much needed rest through the summer. In the fall she will engage in business that will require only part of her time.

A fine new concrete sidewalk now stretches along the entire Main street side of the square occupied by the Stewart and Shannon residences also, along the property of W. E. Queen and J. M. Cyrus on Pike street.

John Blackburn of Glenwood was taken to Ironton Monday for treatment.

VISITING LOUISA AFTER ABSENCE OF TWENTY YEARS

Mrs. Sallie Dalton surprised her Louisa friends Wednesday when she arrived here from her home in Dassel, Minn. She is remembered as Mrs. John M. Ferguson, having lived here before moving to Minnesota twenty years ago. She is the guest of her step-daughter, Mrs. C. L. Miller, and this is her first visit here since going to the north. She is a native of Wayne county, W. Va.

C. B. STUART APPOINTED STATE ROAD INSPECTOR

C. B. Stuart, a native of Lawrence county but now living in Greenup, has been appointed a State Road Inspector and assigned to duty in Greenup county. Mr. Stuart is a competent surveyor and engineer and a man who can be depended upon to see that honest work is done for the State. It is a good appointment.

LEFT FOR FLORIDA.

Mrs. John Chapman and son, Abe, left Wednesday for Taft, Florida, where they will join Mr. Chapman, who has been there for some time on their fruit farm. Their son-in-law and daughter, Mr. and Mrs. Frank Salsberry, went about two weeks ago and expect to make their home there.

MOONSHINE STILL FOUND JUST ABOVE CATLETTSBURG

Saturday the Sheriff's posse led by Did Mills and including Judge B. B. Triplett, Ira Kincaid and Ezra Kincaid raided a moonshine still in the first hollow beyond Lockwood. They captured a still and about 150 gallons of mash. They slipped back Sunday, saying in wait and saw Charlie Hall come to the place. They arrested him, took him to Catlettsburg and placed him in jail. The still was broken up to pieces and the mash poured out. A large hog was found dead near the scene of operation, having been shot. It was killed in all probability for having snuffed about the mash.

CHURCH COLUMN

M. E. CHURCH SOUTH.

Annual Conference at Parkersburg. The annual session of the Western Virginia Conference will be held at Parkersburg beginning Sat. 1st. The place of meeting has just been selected.

Dr. Webb Head of College.

Dr. R. T. Webb, of Parkersburg, has been elected President of Morris Harvey College at Barboursville, W. Va. to fill the vacancy caused by the resignation of Bishop Darlington and Vice President Tague. After being elected Bishop Mr. Darlington could give no time to the school and Rev. Tague is in poor health. Dr. Webb is eminently fitted for the place.

Hospitality in his home was of that whole-souled kind that captured every guest who entered there. He was of a cheerful disposition, full of humor, and an entertaining companion. He was a true friend, and there are hundreds of friends of his who are saddened by his death.

For 23 years he was a Magistrate of Lawrence county, having been elected every time he was a candidate. Four years ago he declined to offer his name again. As a member of the fiscal court of the county he stood for progressive measures and for efficient handling of county affairs.

The burial took place Sunday and was very largely attended. All the sons and daughters were present.

REV. SHANNON TO VISIT IN LOUISA SOON

Rev. F. F. Shannon and wife are driving from Chicago to Boston, where he is one of three of America's most noted speakers in an elaborate celebration of the landing of the Pilgrim Fathers. Returning from there they will visit Louisa relatives.

Recently Rev. Shannon lectured each day for an entire week at Harvard University, and preached once at Cornell.

The son, Frederick, arrived in Louisa Monday of this week for a visit.

A MILLION ROAD TAX AT STAKE

Louisville, Ky.—Annual revenue of \$1,000,000 that would go to the construction of roads in Kentucky is involved in the appeal to the Supreme Court from the decision of Federal Judges Evans, Sater and Dennison in the case of the J. & A. Freiberg company, Cincinnati, in which it was held that the 50 cents a gallon tax on whiskey in bond in Kentucky is unconstitutional. None of the consumers of hundreds of thousands of gallons of liquor sold at advanced price will be reimbursed, but the \$500,000 cash which now is in the hands of warehousemen is a prize for which the commonwealth and the distillers are contending. Some distillers did not oppose the tax, holding that any increase would be met in other markets. This proved the case. Reports from all parts of the State say that never before, has whiskey been removed so rapidly from the State. Every passenger train loses minutes at storage points while express cars are loaded.

HARDING AND COOLIDGE NAMED BY REPUBLICANS

NOMINEES FOR PRESIDENT AND VICE PRESIDENT MADE AFTER LONG STRUGGLE.

Senator Harding of Ohio and Gov. Coolidge of Massachusetts are the Republican nominees for President and Vice President of the United States.

This is the result stumbled onto by the national convention at Chicago last Saturday evening on the tenth ballot, after five days and nights of wrangling and suffering from the heat. Johnson, the erstwhile Bull Moose, was choked to death early in the game by the "stand patters." Gen. Wood and Gov. Lowden were the leading candidates up to the time their managers gave it up. Neither would go to the other, so the plum was dropped to the quiet, impassive Mr. Harding.

La Follette, the disloyal and disgraced Senator from Wisconsin, received a few votes on every ballot.

The Platform.

There was much wrangling over a platform and as finally adopted it contains a lot of words of uncertain meaning. Uncle Joe Cannon, the old time Republican who has served more terms in Congress than any other man now in that body, was asked what he thought of the platform. He answered by telling the following story:

A boy was trying very hard to sell a dog to a woman. She inquired, "Is he a fierce dog?"

"Yes, he is the dearest dog you ever see."

"But I don't want a fierce dog."

"Well, now, he ain't near as fierce a dog as he may seem to be."

Uncle Joe's story describes the congressional platform as accurately as possible. It was built to straddle everything and to catch everybody.

Mr. Harding.

Warren G. Harding lives at Marion, Ohio, a town about half as large as Huntington, W. Va.

He is the owner and publisher of a local daily newspaper at that place. This and politics has comprised his life work.

He is 55 years old. Was defeated for Governor of Ohio by James M. Cox, Democrat. Failed to carry Ohio in the recent primary for the presidential nomination. Is United States Senator and says he will hold on to that office until he sees how he comes out in his race for President.

Mr. Harding may be described as a nice man, docile and regular, not brilliant nor magnetic, but his friends are declaring that he is "big enough for the job." In the race for the nomination he simply sat steady in the boat, with a few votes and waited for the lucky thing to happen to him, and it happened when a lot of tired delegates had exhausted themselves in a fight between the leading candidates and turned to the least offensive man down in the list.

Mr. Coolidge.

Gov. Calvin Coolidge of Massachusetts, is more a man of action than is Mr. Harding. His reputation was made by the way in which he handled a strike of policemen in Boston. His friends say he should have been the head of the ticket instead of the tail.

LOUISA CAPTURED HEARTS OF BOOSTERS

The Courier-Journal reporter aboard the Louisville special train that spent last week in Eastern Kentucky made the following interesting report to his paper:

If any town may be said to have captured the hearts of the excursionists it is Louisa, county seat of Lawrence county. The heart capturing was literal in some cases, for the little town in the Big Sandy Valley, in keeping with the feminine style of its name, turned out pretty girls by dozens to greet the visitors.

Frank Cassell, chief spokesman, bubbled with superlatives, and even the dignified president of the Board of Trade, Joseph Burge, referred to the interesting faces before him as Louisa. A large bouquet of flowers was presented to General Summerville at the close of his talk by Mrs. J. C. Adams, Miss Martha Yates and Miss Elizabeth Yates.

Directly opposite Paintsville, seventh town on today's list of stops, the pipe line on which Louisville depends for its supply of natural gas has been tunneled through the mountains that close in the Big Sandy Valley. It pipes gas from the West Virginia fields. Lavish promises of much coal and gas have been made by local speakers in all these towns, but no guaranty of transportation to Louisville is being made.

At every stop today, except early in the morning, a rousing welcome was given the Louisvilleans.

Virgil McElldowney, son of Rev. L. E. McElldowney, of Charleston, W. Va., and Nelson Salyers, of Salsersville, graduates this year of the medical department, University of Louisville, were among those who successfully passed the State Board examination and were issued certificates to practice in Kentucky.

BRADLEY-COMPTON.

The wedding of Miss Made Bradley and Mr. Jay M. Compton took place Wednesday afternoon at the home of Mrs. Laura Webb in Louisa. The ceremony was solemnized by the Rev. H. B. Hewlett in the presence of a few close friends of the bride. She is the daughter of Fred Bradley, who lives near Louisa. She is a charming girl and is popular here where she attended school and for the past year has held a position in Cooksey's department store.

Mr. Compton, whose home was at Dennis, this county, was a teacher in Lawrence county before going to Akron, Ohio, to locate. He served his country during the world war, spending several months in overseas duty. He then returned to Akron.

Mr. and Mrs. Compton are deserving young people and carry with them to their new home the best wishes of Kentucky friends.

CIRCUIT COURT IS NOW IN SECOND WEEK.

Lawrence Circuit Court has not been very largely attended because of the farmers being so busy.

No big felony cases were tried. Misdemeanors and civil cases are occupying the time of the court.

The grand jury adjourned Saturday after returning 42 indictments. Number of witnesses examined, 115.

NEW WELLS COMING IN NEAR LOUISA

Well No. 3 on Tom Hays' farm five miles northwest of Louisa was completed and shot this week and is about an average oil producer.

Another well on Mrs. Hannah Lockyer's farm is lighter than the others on that tract.

J. P. Gartin's last well on the John Diamond place, three miles from Louisa is considerably above the average for the field. It is showing up fine.

The well on the Mary Williamson tract, owned by E. E. Shannon and G. J. Carter, is due to be completed today.

All the above wells are on leases owned by the Ohio Fuel Oil company. The Cumberland Petroleum company is now pumping the John Thompson well on Rich creek and it is giving good results. This company has abandoned a well on a tract adjoining J. N. Roberts because a defect in the title was discovered. A depth of 1200 feet had been reached. The outfit is being moved to the upper Blaine country, just over the line into Elliott.

The well on J. W. Akers' farm opposite Richardson should be completed this week. The contractors have had all kinds of bad luck on this well, delaying them for months.

Dr. T. D. Buigess is equipping the well on his farm so as to save and use the gas. Some oil is showing up in the well also. It has not been shot.

The well on Bolts Fork, at the line between Lawrence and Boyd counties, is pumping seven barrels per day, according to information regarded as reliable. The oil is from the Berea sand. This opens another pool that may be very important. The farms of Sheriff Wm. Taylor and brothers James and Ed Taylor are adjacent to the farm on which this well was drilled.

MARRIAGE LICENSES.

Ellie Hardin, 25, to Mabel Dale, 15, of Richardson.

W. H. C. Thompson, 53, to Alma Belling, 53, of Louisa and Wilbur. Second marriage for each.

Alva R. Gray, 21, to Mary Ellen Marcella Deal, 17, of Orinova, Pike county. Married by Rev. H. B. Hewlett.

Richard Eldon Cook, 24, to Leola Belle Hooser, 24, of Portsmouth, O., and Hubbardstown, W. Va. Married by Rev. Hewlett.

Cedric Thompson, 26, to Norma Cleo Crabtree, 21, of Sidney and Ft. Gay, W. Va.

Ernest Fugitt, 20, to Alice Thompson, 18, of Glenhays, W. Va.

Wallace B. Borders, 64, to Genette Howard, 21, of Ulysses and R. I. Louisa.

PIPE LINE NOW IN JOHNSON COUNTY

A new petroleum district in Eastern Kentucky was connected up last week when the Cumberland Pipe Line company finished a branch line through the McGoffin Johnson development. This district is east of the Lee-Estill-Wolfe fields and during the summer has made rapid strides in new production in addition to showing some gas wells of large capacity. Wells now producing in this district are estimated to have a total daily capacity of 500 or 600 barrels. Many new wells are drilling and while no strikes of big capacity have been made an extensive area has been proved with limits as yet undefined.

ICE PLANT SOON READY

The Lobaco company is pushing the installation of the ice plant as rapidly as possible and expects to be making big chunks of solid comfort the last week in June. They have an announcement in the NEWS this week.

Mrs. Bernad Spencer, of Krontit, W. Va., is in Paintsville this week. She will have charge of the dormitory of the Jno. C. C. Mayo College the coming year.

CHAUTAUQUA AT LOUISA NEXT WEEK FOR THREE DAYS

AN ENTERPRISE WHICH SHOULD BE SUPPORTED BY ALL GOOD CITIZENS.

The local Chautauqua committee desires to announce June 22, 23, 24, as the dates upon which the Chautauqua will be given at this place, and everybody is urged to make arrangements to attend as many of the sessions as possible. The Chautauqua bureau at Washington has informed the committee that the programs this year will be of an unusually high grade, and that a number of splendid speakers and entertainers will be sent here. A small folder is being distributed over town bearing an explanation of the program to be given, and it has evidently been prepared to meet the needs of the present. Each of the lectures will deal with some phase of Americanism, and some good speakers have been promised to us.

The Chautauqua Director will be A. R. Hall of Indiana, and in addition to his being in charge of the program, he will speak on the second day. The other lecturers and the entertainers expected here are:

Hon. Alvin M. Owsley, of Texas, Assistant Attorney-General for the State of Texas.

Dr. John T. Tigert, University of Kentucky, Rhodes Scholar and graduate Oxford University. Author and A. E. F. lecturer.

Parlson's Neapolitan Quartette. Vocal and instrumental music from Sunny Naples, with violin, mandolin, guitar and banjo.

The Tennessee Duo. A program of songs, stories and sketches in costume.

Americana—All. A detachment from Camp Upton Recruit Educational Center, with an intensely interesting patriotic program.

Miss Beth Mae Russell, Junior Story Teller, and Organizer of Young America Club.

The price of an adult season ticket to the Chautauqua is \$2.00 and a child's season ticket will cost \$1.00. All money taken in from the sale of the tickets belongs to the local committee, and each one who can do so will buy a ticket and attend, there will be a profit to be used in connection with some local institution of public interest.

JAS. W. HUGHES ILL.

James W. Hughes, former postmaster and father of former Congressman James A. Hughes, is critically ill at his home at 1140 Fifth avenue, Huntington. Mr. Hughes is 87 years old. Friends fear that his age will militate against his recovery. He has been ill since last October and for the last two weeks has been growing steadily worse. It was said last night.—Herald Dispatch.

INSTITUTE INSTRUCTORS MEET.

County Institute instructors will meet in Frankfort, June 21 by call of State Superintendent George Colvin. There are about sixty instructors. The institute program and the policy of the department will be outlined at the conference.

BUSINESS HOLDS ITS EQUILIBRIUM

"Business is regaining its equilibrium," says the monthly business review of the Federal Reserve Bank of Cleveland. "Business men are convinced that national prosperity lies in a prompt return to a more solid and substantial footing. So far the movement has been orderly, and there is really nothing in the situation to create alarm if we are willing to read the signs of the times and make present and future plans to conform to the changed conditions. The business semaphores are set at 'caution,' and to refuse to observe it may be to invite disaster. Speculation, whether it be in stocks, real estate, raw or finished materials, must be stopped; non-essential credits, for whatever purpose used, must be eliminated; existing loans, wherever possible, should be reduced. Business must have recourse more to its own funds and less to the banks. At the present time the United States is maintaining the only free gold market in the world. As the international gold equilibrium is restored, which eventually it will be, this will result in a further depletion of our gold reserves, with a consequent reduction of our credit possibilities."

Mrs. Mollie Meek, who has had charge of the millinery department and also worked in other departments of G. J. Carter's store for the past year, has resigned her position and will take a much needed rest through the summer. In the fall she will engage in business that will require only part of her time.

A fine new concrete sidewalk now stretches along the entire Main street side of the square occupied by the Stewart and Shannon residences also, along the property of W. E. Queen and J. M. Cyrus on Pike street.

John Blackburn of Glenwood was taken to Ironton Monday for treatment.

VISITING LOUISA AFTER ABSENCE OF TWENTY YEARS

Mrs. Fannie Dalton surprised her Louisa friends Wednesday when she arrived here from her home in Kansas, Minn. She is remembered as Mrs. John M. Ferguson, having lived here before moving to Minnesota twenty years ago. She is the guest of her step-daughter, Mrs. C. L. Miller, and this is her first visit here since going to the north. She is a native of Wayne county, W. Va.

C. B. STUART APPOINTED STATE ROAD INSPECTOR

C. B. Stuart, a native of Lawrence county but now living in Greenup, has been appointed a State Road Inspector and assigned to duty in Greenup county. Mr. Stuart is a competent surveyor and engineer and a man who can be depended upon to see that honest work is done for the State. It is a good appointment.

LEFT FOR FLORIDA.

Mrs. John Chapman and son, Abe, left Wednesday for Taft, Florida, where they will join Mr. Chapman, who has been there for some time on their fruit farm. Their son-in-law and daughter, Mr. and Mrs. Frank Salsberry, went about two weeks ago and expect to make their home there.

MOONSHINE STILL FOUND JUST ABOVE CATLETTSBURG

Saturday the Sheriff's posse led by Did Mills and including Judge B. B. Triplett, Ira Kincaid and Ezra Kincaid raided a moonshine still in the first hollow beyond Lockwood. They captured a still and about 150 gallons of mash. They slipped back Sunday, saying in wait and saw Charlie Hall come to the place. They arrested him, took him to Catlettsburg and placed him in jail. The still was broken to pieces and the mash poured out. A large hog was found dead near the scene of operation, having been shot. It was killed in all probability for having snooped about the mash.

CHURCH COLUMN

M. E. CHURCH SOUTH.

Annual Conference at Parkersburg. The annual session of the Western Virginia Conference will be held at Parkersburg beginning Sat. 1st. The place of meeting has just been selected.

Goodyear Advantages in Tires for the Smaller Cars

Just as Goodyear is successful in building extreme value into the Goodyear Tires that go on the highest-priced motor cars, so is Goodyear successful in supplying unusual worth in Goodyear Tires for smaller cars.

Into the making of Goodyear Tires in the 30x3, 30x3½, and 31x4-inch sizes have gone the full advantages of Goodyear experience, skill and modern facilities.

The results of this unusual endeavor are easily available to every owner of a Ford, Chevrolet, Dort, Maxwell, or any other car requiring the sizes mentioned.

Go to the nearest Goodyear Service Station Dealer's place of business for these tires, and Goodyear Heavy Tourist Tubes. He carries them in stock.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread. \$23.50
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread. \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water. \$4.50 proof bag.

The Important Thing

In fitting glasses is to correctly diag-
nose the defects of vision. Without
correct diagnosis the proper remedy
cannot be determined.

We are not merely merchandizing
glasses. We have something for sale
besides lenses and mountings—and
that something is SERVICE. Our
optician is a registered physician and
is prepared to render you the very
service indicated by your eye-symp-
toms.

Pure-bred Pigs For Sale

We have a few more PURE-BRED PIGS to dispose of at \$16 each. The same kind would cost nearly twice that to get them shipped in here from elsewhere. We are surprised that this rare opportunity is not appreciated by our farmers. These hogs produce twice as much meat in the same time as scrubs.

We have heard that a knocker is saying this pig club was just a money-making scheme of this bank. This statement not only is unkind but unfair. Extremely selfish persons never can believe that anybody ever does anything for the good of others without getting paid for it. We get no profit out of this pig deal. We advanced the money to buy them and will retain only the principal and the regular 6 per cent interest if the pigs bring more than that. Any profit will go to take care of the demands of other agricultural matters.

Better ask for one of these fine pigs AT ONCE. We are forced to close out the club plan because it has grown so large that the County Agent can not look after them.

Certain-teed Roofing Resists Fire

Certain-teed Roofing is fire retarding and spark proof; consequently your fire risk is greatly reduced when Certain-teed roofs your buildings.

Burning embers carried by the wind from nearby fires are always a menace to old fashioned, inflammable wood shingle roofs. Certain-teed forms a permanent protection against sparks and embers and all such carriers of fire.

Because of the great risk of general conflagrations in congested districts, and of the lack of safe fire protection in the outlying and rural districts you should get this Certain-teed protection on your buildings.

In addition to being fire resisting, Certain-teed is a most economical roof. It resists all forms of weather attack—rain, sleet, snow, sun, etc. It is guaranteed by the manufacturer for 5, 10 or 15 years, according to the weight you select.

There is a scarcity of many types of roofing products—you can always get Certain-teed Smooth Surfaced Roofing, the most economical and serviceable roofing to be obtained.

See your dealer at once. He either has Certain-teed or can get it quickly from a nearby Certain-teed warehouse.

Immigrants are again pouring into the United States by the tens of thousands. While this will relieve the shortage of labor, we are faced also by the danger of increasing the disloyal and socialistic population. Congress has failed to make some needed changes in the law.

The justification of President Wilson's plea last fall for the election of a Democratic Congress was presented in the adjournment of the Republican Congress Saturday without having done one thing to reduce the high cost of living or to settle the state of unrest that disturbs every business and every working man in the United States. There never was a more impotent or a more disgracefully incompetent session of Congress, and the Republicans were in full control of both branches.—Cynthia Democrat.

The price of paper on which newspapers are printed continues to climb and no relief is in sight. We have just contracted for a supply at seven times as much as we paid in years gone by. Some weekly papers that were out of paper have been compelled to pay 11 times the old price. There is no relief in sight. The mills can not make enough to supply the demand and Canada has curtailed the supply of pulp shipped to the United States. Hundreds of newspapers have suspended because they can not get paper.

Samuel Gompers, President of the American Federation of Labor, has this to say to the Socialists: "I want to tell you Socialists that I have studied philosophy; read your works upon economics, and not the meanest of them; studied your standard works, both English and German—have not only read them, but studied them. I have heard your orators and watched the work of your movements the world over. I have kept close watch upon your doctrines for thirty years; have been closely associated with many of you, and know how you think and what you propose; I know too what you have up your sleeve; and I want to say that I am entirely at variance with your philosophy. Economically you are unsound; socially you are wrong; industrially you are an impossibility."

The body of Willie Salyers, 7, of Ironton, was found Saturday near Wurtland. While swimming in the Ohio river he was caught under a raft and drowned.

Out of 27 applicants for teachers certificates in Johnson county seventeen successfully passed.

GROCERY HOUSE IS FINED \$35,000.

Extension of Paving Ordinance of Sept. 2, 1919

The City Council of the City of Louisa do ordain as follows, viz:

Sec. 1. That the original project for the paving of certain streets and public ways within the city, together with the necessary sewerage and guttering incident thereto, as filed by City ordinance of date Sept. 2, 1919, be extended and made to include:

Pike Street from Water Street to Main Cross Street, and Pike Street from Lock Avenue to Lady Washington Street; Main Cross Street from Pike Street to Sullivan Street; Sullivan Street from Main Cross Street to Lock Avenue; Pocahontas Street from Madison Street to Powhatan Street; Boon Street from Madison Street to Franklin Street; Madison Street from the "upper corner of the G. W. Atkinson property," at its southwest corner to what is known as the Green Meek property, terminating at its southwest corner; and the public way leading from the foot of Lock Avenue at the Branham property, where Mrs. Lydia Lackey now lives, to the north line of City limits.

Sec. 2. That said described streets and public way be and are hereby ordered paved as a part of the original project as fixed by ordinance of date Sept. 2, 1919, with the same material adopted or to be adopted and upon the grade fixed in the original project together with the intersections traversed by such streets and public ways, cost of said paving to be at the expense of the owners of the lots and parts of lots of land fronting or abutting or bordering upon the property to be improved, to be apportioned by the City Council according to the number of front feet owned by them respectively, and the intersections, cost of paving the intersections, to be at the exclusive cost of the City of Louisa.

Sec. 3. This paving shall be done under terms and conditions fixed in City ordinance of date Sept. 2, 1919, and the cost thereof is hereby provided for in the same manner, terms and conditions fixed in said ordinance, as much so as if the ordinance of Sept. 2, 1919, had been copied into this ordinance and made a part hereof and shall be done upon the ten-year plan as provided for in section 3643, Kentucky Statutes, Carroll's edition 1915. Passed June 8, 1920.

AUGUSTUS SNYDER, Mayor.
Attest: R. L. VINSON, City Clerk.

The Lobaco Company

To Our Patrons in Louisa

We will be ready to begin delivering ice locally in the city the last week in June. We have gone to a great expense and have been delayed considerably in the erection of our plant. It will be our intention to give each and every party the best of service and the cheapest possible prices we are able to give. We shall hope for your co-operation.

THE FOLLOWING ARE PRICES EFFECTIVE:

Domestic retail trade, cash, eighty cents (\$0.80) per hundred pounds
500, 1000 and 2000 pound ice books, seventy cents (\$0.70) per hundred
Wholesale trade where ice is taken in 100 to 500 pound lots, sixty cents (\$0.60) per hundred.
Car load prices F. O. B. Louisa, six dollars (\$6.00) per ton.

We reserve the right to discontinue service from any particular patron at any time our service is not satisfactory. We reserve the right where patrons live a great ways off of the main streets to deliver the ice to sidewalk only. Positively no ice will be delivered after July 15th except where coupon books have been purchased. These coupon books are now on sale at our retail department and are to be paid for cash in advance. Coupon books are not transferable and where coupon books are transferred from one customer to another without our knowledge or consent we reserve the right to discontinue ice service from both parties.

LEMON JUICE

FOR FRECKLES

Girls! Make beauty lotion for
a few cents—Try It!

Squeeze the juice of two lemons into
a bottle containing three ounces of or-
chard white, shake well, and you have
a quarter pint of the best freckle and
tan lotion, and complexion beautifier,
at very, very small cost.

Your grocer has the lemons and any
drug store or toilet counter will sup-
ply three ounces of orchard white for
a few cents. Massage this sweetly
fragrant lotion into the face, neck,
arms and hands each day and see how
freckles and blemishes disappear and
how clear, soft and rosy-white the
skin becomes. Yes! It is harmless
and never irritates.

So many of us make the mistake of
placing limitations on our own ability.

Necessity sometimes shows us that
there are no limitations, but many of
us go through life without realizing
our own powers because we have never

you can't do a thing until you have
tried it and absolutely prove that you
can't. It is time then to give up.

YOUR PATRIOTIC DUTY IS TO ATTEND

no argument in behalf of those tradi-
tions. In the fast changing world,
it is natural that their usefulness
should die out. Nevertheless we should
not get out of patience with those
older than ourselves for clinging to
the things of their youth. Someday
we will be in their place and the
things we think and do will seem just
as essential to us.

A sacrifice is the noblest or most
futile thing that can be indulged in,
according to the circumstances at-
tendant. There are few circumstances
which warrant a supreme sacrifice, as
the cost to the one who sacrifices is
too great. Sometimes there is no other
way out. But too often one is
sacrificed to another, according to the
need of the moment, as a result of
carelessness and heedlessness. Better
make one big sacrifice and clean the
slate, than to make countless little
ones, un mindful of the cause, which
only serve to pile up future ruin. This
practice doesn't loosen the bonds of
self denial. It teaches one when to
tighten them to good purpose.

The degree to which a mother can
enter into a daughter's interests and
pleasures, determines the measure of
confidence entrusted to her in turn.
She must listen to the expression of

her interests as though they were
her own, not merely to judge their
propriety. This is difficult because no
woman is made with enthusiasm about
a midnight hayrack picnic, and such
senses. But if she is unable to
appreciate that feeling in a younger
person, she won't be able to check it
when it is necessary. On the other
hand young people have a very strong
sense of loyalty to their chums as a
rule, and this is the secret of a moth-
er's control. She must be a companion
to her daughter in a true sense of the
word, not a mere representative of the
arm of authority. If she holds such a
place in her daughter's affections, that
daughter will never care to deceive
her. She may not always carry out
her mother's wishes, but at least she
will frankly tell her mother of her
intentions in the matter.

A store of general knowledge is more
valuable than particular information,
because it forms a background for
more individualized facts. It also
could save the person who only dis-
cusses brilliancy on one or two sub-
jects a great deal of embarrassment.
For instance, how much do we all
know about our common native ani-
mals? We should observe the facts
about them more easily than about
flowers and minerals. A company of
people spent some time discussing
who would be the owner of the egg
laid by a peacock belonging to one
man in the yard of another. The am-
ple fact is that peacocks never lay
eggs. Of course all people aren't
taken in by the same joke. Another
time-honored gag is that the eyes of
a guinea pig will drop out, if it is
shaken by the tail. A guinea pig has
no tail to begin with. Lots of people
are saved from such pitfalls by their
ingenuity, and many who appear wise
are ignorant. The distinction of funny
stories is not the only use of a gen-
eral fund of knowledge by any means.
It is a good thing to know one thing
well, of course, but it is also a good
thing to have a smattering knowledge
of many things.

How many of us, when we see a
young man with an arm or leg missing,
pass him by unheeded and go smugly
smugly on our way, never thinking
that perhaps he may have lost the
arm or the leg in the cause of Amer-
ica. When our wounded heroes first
returned from France, nothing was
good enough for them. They were
paraded down flower-decked streets
and treated as royal princes. They
began to feel that their sacrifice, great

as it was, did not deserve this ovation.
We offered to give them all of Amer-
ica then—but now, in many cases we
do not even give them a job. If any-
one has the right of turn anarchist,
plant bombs and shoot up the country
in general it is these wounded sol-
diers. In the first place, if you were
maimed for life, no matter how it
happened, you wouldn't feel very happy
about having your dreams blasted and
your plan of life shot to pieces. But
to be maimed in a war that hasn't
turned out to be such a howling suc-
cess and for a country that usually
turns a cold shoulder when you merely
ask for a chance to earn an honest
living—surely that doesn't tend to
foster a very patriotic spirit. So the
next time one of these fellows comes
your way, don't pass him by unnot-
iced, don't pity him, but treat him
as the man he is.

A NERVOUS WRECK

From Three Years' Suffering. Says
Cardui Made Her Well.

Texas City, Tex.—In an interesting
statement, Mrs. G. H. Schill, of this town,
says: "For three years I suffered untold
agony with my head. I was unable to
do any of my work.

I just wanted to sleep all the time, for
that was the only ease I could get, when
I was asleep, I became a nervous wreck
just from the awful suffering with my
head.

I was so nervous that the least noise
would make me jump out of my bed. I
had no energy, and was unable to do
anything. My son, a young boy, had to
do all my household duties.

I was not able to do anything until I
took Cardui. I took three bottles in all,
and it surely cured me of those awful
headaches. That has been three years
ago, and I know the cure is permanent
for I have never had any headache since
taking Cardui.

Nothing relieved me until I took Cardui.
It did wonders for me."

Try Cardui for your troubles—made
from medicinal ingredients recommended
by medical books as being of benefit in
female troubles, and 40 years of use has
proven that the books are right. Begin

To Keep American Ships on the Seas

For the first time since the Civil War we have a real merchant marine. It cost us \$3,000,000,000 to get it.

The farmer, manufacturer, laborer—every American is interested in holding our position on the seas.

As a first step in this direction it is necessary to modify those articles of existing commercial treaties, which have operated to thwart the upbuilding of our merchant marine.

By giving the notice of termination for which the several treaties provide.

This action is directed in the constructive Shipping Bill now before Congress.

Which declares it to be the policy of the United States "to do whatever may be necessary to develop and encourage" a merchant marine.

This policy deserves the support of every American.

Lacking this support the present effort to maintain our merchant marine may suffer the fate of many ineffective attempts of the past.

Send for a copy of "For an American Merchant Marine."

Quite a crowd of young people motored to Anglin pond from here last week on a fishing excursion and all reported a very enjoyable time. As a nice lunch was prepared and served on the shady banks of the pond and by the nice quantity of fish brought back we would call it very successful.

TWICE PROVEN

If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's Louisa evidence—doubly proven.

Mrs. Frank Pigg, Water St., Louisa, says: "I suffered for a long time with many distressing symptoms of kidney complaint. The most annoying ailment was a severe pain in my back and a dull bearing down feeling through my loins which at times was almost unbearable. I was weak and languid, constantly tired and had no ambition. My back was in such a bad condition, I couldn't stoop over without severe pain and it was a terrible effort for me to rise. I was restless at night and couldn't sleep. Morning I was just as tired as when I went to bed. I was nervous and suffered from severe dizzy spells. My kidneys acted irregular, too. I finally took Dean's Kidney Pills which I got at the Louisa Drug Co., and the pains in my back and loins left. The action of my kidneys became normal and the other distressing symptoms were removed."

OVER SIX YEARS LATER, Mrs. Pigg said: "The cure Dean's Kidney Pills made for me is still lasting and I now enjoy the best of health."

There's a Special Ingersoll for Each of These Folks

DID YOU ever "get fitted" to a watch? We mean, did you ever figure out exactly your watch needs and then see if you were properly equipped?

There are a dozen or more different Ingersolls—varying in price, varying in purpose—small watches, jeweled watches, radium dial watches for night use, and so on. For instance, if you have an expensive watch, you probably would choose a Radiolite for \$3.50. If you haven't a good serviceable watch, you'd be likely to buy a 7-jewel Reliance. The dealer will help you to select just the one for you.

"Ingersoll" has always meant the lowest-priced good timekeeper. Today, with present day costs and the 1920 purchasing value of a dollar, \$2.50 is the lowest price at which we can make a watch while keeping up the Ingersoll standard of quality. "Ingersoll" means "money's worth" whether it's for the \$2.50 Yankee or one of the Radiolites that tell time in the dark, or for one of the jeweled watches.

FLOUR MILL AND FARM FOR SALE

Wheeler's Mills, located on Portsmouth, Jackson and Weston Pike, Scioto county, Ohio, 6 miles from Sciotoville, 12 miles from Portsmouth, in the very heart of the best wheat growing section in the state. Mill is fifty barrel capacity, mill-house and mill rebuilt about three years ago, first class condition, except power, can be operated by water if preferred. Good 6-room house with bath, finest spring in state furnishes water for the house and bath. Large barn, 40 acres rich hill land, considerable small timber, plenty level land about the residence, and for gardens. Property has cost owner \$25,000. Will sell for less than half; \$5,000 cash, balance on any reasonable terms. Good reason for selling. For personal inspection see George Wheeler, on the property, or address him, R. F. D. 1, Sciotoville, Ohio. Or address G. F. Friel, Owner, P. O. Box 1027, Huntington, W. Va. (Mention the Big Sandy News when you write or go to see these people).

FARMS FOR SALE

Level land not hills and rocks and deep hollows and hard to cultivate; this land is level. You can work over these farms with riding plows, riding cultivators, and can use all modern farm tools. Come and look at these farms and buy what you want and in a short time double your money; others are doing this, so can you. Here are some of these good farms:

- No. 1 of 190 acres, 150 creek bottom, good house and barn. You can plow this bottom with a tractor, will grow all crops. Price.....\$12,000, terms.
- No. 2, 190 acres, 175 level, 100 cleared, 40 in clover and grass. You ought to see this clover. Good house, 2 fine barns, silo, an up to date farm and if you want a home—a good one, buy this. Price.....\$12,000, terms.
- No. 3, 83 acres, part creek bottom, lots of timber, 25 acres cleared, 10 acres meadow. A bargain. Price \$2700, \$1000 down, ten years to pay rest.
- No. 4, 70 acres, all creek bottom except 6 acres, 50 in meadow, fine house, good barn, a complete farm. Price \$5500, \$2000 down rest in ten years.
- No. 5, 150 acres, all level, good house, 100 acres cleared. This is a beautiful home. Price.....\$7000

All of these farms are on county roads, close to school, church and store and railroad. If you want level farms to farm on and good land, come to Waynesburg, Ky. Write for price list. This list is free.

Many Prominent Men Come Out For Tanlac

Mayors, Judges, Bankers,
Lawyers, Doctors, Edi-
tors and Ministers
Indorse It.

Feel It Their Duty to Talk

They Come Forward and Unhesitat-
ingly Tell Suffering Humanity
What Celebrated Medicine Has
Done for Them.

It is seldom, indeed, that men of prominence, especially men holding high public office, willingly express their indebtedness publicly to a proprietary medicine. Many prominent men, however, including supreme court judges, mayors of our leading cities, prominent state and county officials, bankers, lawyers, doctors, editors, leading educators, government officials and even ministers of the Gospel have deemed it their duty to come forward and tell the people what Tanlac has done for them.

These well-known men of affairs have recognized in this medicine a new discovery and a scientific triumph in the medical world. It is a well-known fact that these splendid indorsements have been given Tanlac time and time again and they will continue to be given just as often as new tests of its powers are made; and it also explains why numbers of the big drug firms of the country are ordering it exclusively in carload lots.

Doctor Prescribes It.

Dr. J. T. Edwards, of Fayetteville, Ga., one of the best-known members of the medical profession in the state of Georgia, makes a statement that will undoubtedly produce a profound impression throughout the country.

"In my thirty years of actual practice as a licensed physician in the state of Georgia," says Dr. Edwards, "I have never seen anything to equal Tanlac as a medicine to produce results. I have no hesitancy in recommending this medicine and I am prescribing it for my patients almost every day."

Noted Texan Talks.

Hon. Archie R. Anderson, ex-sheriff of Harris County, Texas, is unquestionably not only one of the best-known, but one of the most popular men that ever held office in Texas. He served the people in this important office for 15 consecutive years. "I had the worst form of indigestion, suffered all the time from gas on my stomach and was continually belching up undigested food," said Mr. Anderson. "I suffered with neuralgic pains of the worst sort and nothing seemed to help me except in a temporary way."

"I began to feel better after taking my first bottle of Tanlac and have just now started on my third. I'm a different man already."

H. W. Hill, president of one of the leading banking institutions of South Pittsburg, Tenn., and one of the most successful bankers and business men in Tennessee, said:

"I suffered from rheumatism and other ailments for many years and Tanlac has done me more good than anything I ever tried. I now wake up in the morning feeling fine."

"I'm telling all my friends about Tanlac and am recommending it to them, regardless of their age and trouble."

Dr. G. W. De LaPerriere, of Windsor, Ga., is not only one of the best-

FORMER MAYOR RECOMMENDS IT

Hon. Frank V. Evans, of
Birmingham, Ala., Makes
Strong Statement.

One of the latest additions to the large and rapidly growing list of prominent men who have publicly indorsed Tanlac for the good it has done them, is the name of Hon. Frank V. Evans, former Mayor of Birmingham. Mr. Evans is one of the best-known men in public life in Alabama today, being at one time editor of one of the South's greatest newspapers, also examiner of public accounts of Alabama. In telling of the benefits he had derived from Tanlac, Mr. Evans said:

"For years I suffered with gastritis and indigestion in the worst form. I was habitually constipated and had pains in my shoulders and headache continually. My appetite left me almost entirely and everything I would eat hurt me. Finally I got to having awful attacks of acute indigestion, palpitation of the heart and smothering spells. For a long time I would have one or more of these spells every night and I would wake out of my restless sleep gasping for breath."

"I bought a bottle of Tanlac and to my surprise and gratification I began to feel relief after the first few doses. I kept taking the medicine and now my recovery is simply the talk of Birmingham."

known physicians and druggists in the State of Georgia, but is also a man of extensive property and wide influence, ranking as one of the leading citizens of that entire section. He has been in the drug business in Windsor for 25 years.

Recently Dr. De LaPerriere wrote: "Our people are much enthused over the beneficial effects of Tanlac and I desire to say that it is the most wonderful seller I ever had in this store."

Other prominent men who have indorsed Tanlac are:

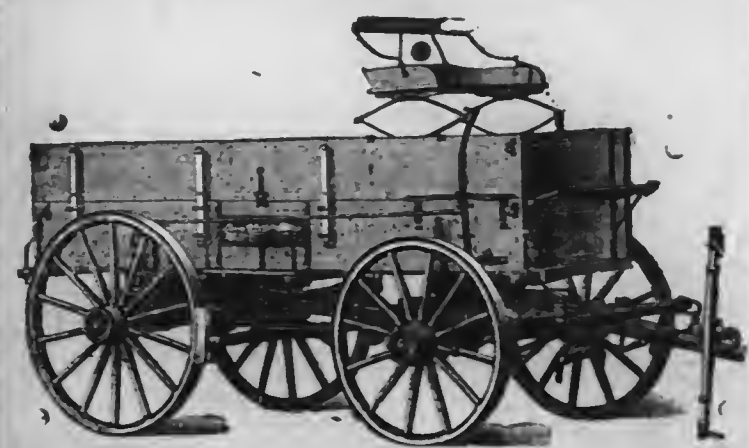

Professor Elmer Morris, of Dover, Tenn.; Professor W. A. Wood, of the Central Graded Schools, Windsor, Ga.; C. C. Cooper, president of the Georgia Home Cotton Oil Co., Lawrenceville, Ga.; Hon. S. S. Shepard, member of the Atlanta city council; Hon. George Samuel Riley, former Chief of Police in Macon, Ga.; Hon. C. G. Lavender, register of Williamson County, Tenn.; Dr. W. H. Brown, 4822 Charlotte Ave., Nashville, Tenn., founder and president of the Tennessee Protestant Home for Girls; John F. Carroll, cotton mill superintendent, of Chattahoochee and Atlanta; Hon. B. F. Whittington, Judge of the Robeson Court, South Omaha, Neb.; Geo. L. Bedford, Traffic Manager for the Gustin Bacon Manufacturing Co., Kansas City; Mr. James Taylor, Illinois State Mine and Mineral Inspector, residing at Peoria; Rev. E. G. Butler, pastor Central Baptist Church of Muskogee, Okla.; Hon. E. W. Damon, attorney of Tacoma, Wash.; Hon. C. W. Mangum, of Atlanta, for three terms sheriff of Fulton county, Ga.; Rev. J. H. Dunn, pastor of the Church of Christ, Spokane, Wash.; Judge G. W. Kysar, 1241 West 9th Street, Austin, Texas, and hundreds of others in every part of the country.

Tanlac is sold in Louisa by Mrs. H. Reynolds.

FELL THROUGH ROOF.
Irvin Lemaster was seriously injured by a fall through the roof of a Solway building in Ashland. He climbed thru a window onto the roof of the building where he was going to eat his lunch. The roof however was not strong enough to support his weight and gave way beneath him. In the sixteen foot fall he hit an iron brace be-

fore landing on the concrete floor of the building.

Lemaster was rushed to the hospital and examination showed him to be suffering from a fractured skull, a leg broken between the knee and the ankle, a broken wrist and several broken ribs. An immediate operation on the skull was necessary in order to relieve the pressure on the brain.

BIRDSELL Wagons

PIKEVILLE

Keel-Doak.

An interesting society event here was the marriage of Miss Katherine Keel, Pikeville, to E. B. Doak, Washington, Pa., which took place in the home of the bride's parents, Mr. and Mrs. D. T. Keel. The wedding was one of the most beautiful ever solemnized here. The bride is a graduate of Pikeville College. Mrs. Doak, veteran of the hardest fighting in France, where he was severely gassed, has been engaged in the insurance business here. The couple left for his former home in Pennsylvania.

Died Enroute to Hospital.

Malcolm Blackhouse was crushed by a fall of slate near here, and was being taken to an Ashland hospital in his bride of a week. He died just as the train reached Whitehouse and when the two Sandy valley trains met the remains were placed aboard and were returned home.

Aged Pair Saved From Fire.

When the home of Mr. and Mrs. D. M. Dameron, near Yeager, was burned Friday, the aged couple, 84 and 80 years, respectively, narrowly escaped. Neighbors dragged the aged woman to safety.

C. M. Green, of Frankfort, was here Wednesday. He was making arrangements for the convicts to come and work on the roads. They will be here soon.

Misses June and Lottie Corbin, who have been attending Georgetown college, returned home for the summer. Miss Nancy Insley, who has been attending school at Ward-Belmont, returned home Monday to spend her vacation.

E. F. Preston, of Lebanon, O., was here the guest of J. S. China and other relatives this week. Mr. Preston formerly lived here where he has many warm friends.

Miss Nancy Insley went to Frankfort Sunday to be the guest of Miss Minerva Scott, and to attend the commencement exercises of the Frankfort High School.

Thos. M. Harman and H. C. Bowles, who are in the employ of the Sutton Construction company at Fort Gay, W. Va., spent the week-end at their respective homes.

Rev. W. H. Davenport, district superintendent, was here from Ashland and held quarterly meeting Sunday.

Mrs. E. D. Stephenson and children have returned from an extended visit with relatives in South Portsmouth and Greenup.—News.

PRESTONSBURG

Hall-Henson.

E. H. Hall, 47, of McDowell, prominent minister of the gospel and wealthy farmer, was united in marriage to Tammy Henson, daughter of Tim Henson, of Beaver, in this city on June 7. The ceremony was performed by Rev. Win. Dingus at his residence.

Lieut. Centers Honored.

Lieut. D. W. Centers, of this city, has been selected to attend the National Rifle Meet to be held at Camp Perry, Ohio, on Erie, 12 miles from Sandusky, beginning July 29, and ending August 3, a month duration. This puts Mr. Centers up a good deal as a marksman, he being one of the fifteen Kentucky officers invited to attend this meet.

Prominent Visitor.

Dr. L. B. Hart, Ph. D. of London, England, brother of Rev. E. N. Hart, of this city, arrived in Prestonsburg on Tuesday. Dr. Hart preached in London the past year. His wire came Wednesday from the H. M. S. Imperator to his brother announcing his arrival in New York on the 12th and in Prestonsburg on the 15th.

Will Locate in Huntington.

Dr. G. L. Howard visited relatives and friends here a few days last week. He will locate soon in Huntington, W. Va., and will be in business with Dr. J. H. H. of the leading physicians in this part of the country—a former Governor of West Virginia.

Local and Personal.

Born, on June 7th, to Rev. and Mrs. E. N. Hart a daughter.

E. L. Porter, of Alvin, was appointed Justice of Peace of Floyd county. He will take the place vacated by Spire James Clark in district No. 4.

Mr. and Mrs. Jeff Brown and daughter, Miss Vata, have returned from a several weeks visit to relatives and friends at Blackey, Greenup county.

Mr. and Mrs. C. L. Hutsinspiller left Monday for a several days' shopping trip to Cincinnati.

O. C. Hays has just returned from Lawrence county where he has purchased 150 acres of land in the edge of the oil district.

THE UNIVERSAL CAR

The Ford car can well be called the "people's car," because there are more than 3,000,000 of them in daily operation. That is about four to one of the nearest follower in the motor car industry. This would not be so if the Ford car had not for sixteen years proven its superiority in service, in durability, and in the low cost for operation and maintenance; this would not be so if the Ford car was not so easy to understand, so simple in construction that anybody and everybody can safely drive it. Let us have your order for one now to avoid delay in delivery.
